Assignment #7 for Honors Section

Due: Mar. 9 at the beginning of class.

Why do researchers believe that language processing is localized to one hemisphere of the brain? You should cite specific evidence for this claim. In addition, this should be written as if your reader has no idea what language processing is, or what the structure of the brain is, or why the two should have anything to do with each other.

Requirements:

1. This can be no longer than two pages.
2. This must be typed.
3. This must be double-spaced.
4. The font size and margins must be reasonable!
5. Put your name and section number on your assignment.

Things to keep in mind:

1. Be VERY VERY clear, not deep!
