Hammond

Language Experiments

1. You must sign up for two (2) language experiments. These will take no more than a half hour each.

2. How to do this? There are (or soon will be) sign-up sheets posted outside the Linguistics Department office on the second floor of the Douglass building. You should check there regularly and when you find an experiment that fits your schedule, sign up. DON’T PUT THIS OFF TO THE LAST MINUTE!

Things to note

1. When you sign up for an experiment, make sure you write down the room number, time & date, and experimenter’s phone number or email.

2. To receive credit for an experiment, make sure to collect the credit slip at the end. You’ll need to give these to your TA to satisfy the experiment requirement.

3. Don’t miss an experiment! If you miss an experiment that you have signed up for, you are penalized by having to do TWO additional experiments. If you must miss an experiment you signed up for, you must call the experimenter at least TWO HOURS in advance to avoid the penalty.
