

The College of Social and Behavioral Sciences

	Policy:	
	SBS Faculty Advisory Council	
	Revision:	Effective:
	10 September 2002	3 October 1997

Policy

This council is charged with advising the Dean on general issues affecting faculty, or within the province of the faculty, that are not assigned to other SBS committees. The Chair of the Faculty Advisory Council (FAC) serves as a member of the Heads' and Directors' Council. The Dean requests advice from the FAC on matters such as procedures, policies, and criteria governing faculty salary adjustments (including compression and equity issues), communication between the dean and the general faculty, the faculty role in unit and college development initiatives, space needs, college-wide instructional issues, budgetary decisions, and nominations for faculty membership on ad hoc college committees. The FAC shall bring matters of interest arising among the faculty to the attention of the Dean. On issues affecting the entire membership of SBS, members of the FAC shall meet and deliberate jointly with members of the Staff Advisory Council and members of the Student Advisory Council. The FAC shall consist of six members of the general faculty elected for two year staggered terms. No SBS unit may have more than one concurrent member on the FAC. Members serve a maximum of two consecutive terms.
