	Policy:	
	Temporary Hiring Allocations	
	Revision:	Effective:
	8 August 1998	8 August 1998

### Policy

Allocations made by the Dean's Office for temporary hiring purposes are the result of negotiation between the department head and the dean to meet specific purposes. Any change in those agreed upon uses must be approved in advance by the dean, and any unused amounts will revert to the Dean's Office temporary pool. All allocations in the core temporary allocation are to be used for instructional purposes only, unless prior alternative arrangements have been approved by the dean.
